**Attachments:** PHIC indiv plan detail.pdf; AHL indiv plan detail.pdf; BCBSM indiv plan detail.pdf

Please find attached several exhibits providing the requested information for the three companies identified in your 11/28/11 email. Separate files are attached for each company and include current enrollment statistics, benefits and cost sharing features, and rates. The exhibits are a combination of actual filing pages and OFIR-developed summaries to facilitate a more efficient review.

Should you need anything further from us, please do not hesitate to contact me.

Kind Regards,  
Kevin

Dear Mr. Dyke,

As a follow-up to the prior correspondence between the Center for Consumer Information and Insurance Oversight ("CCIIO") and the Michigan Office of Financial Regulation ("OFIR"), at this time, we request that you please obtain and provide the product design and cost information for the major products offered in the Michigan individual market by the following issuers: Blue Cross Blue Shield of Michigan, Alliance Health & Life Ins. Co. and Priority Health Ins. Co. For each of these three issuers, please provide information regarding the premium rates and benefits and cost-sharing features, as well as the number of enrollees at the product level.

We greatly appreciate your efforts in gathering and preparing this information.

Thank you.

Center for Consumer Information and Insurance Oversight  
Centers for Medicare & Medicaid Services
