

Multi-Employer Plans: Approved Applications for Waiver of the Annual Limits Requirements

Updated August 19, 2011

These plans are multi-employer group health plans created by a collective bargaining agreement between a union and employers, under the Taft Hartley Act. This type of fund is made up of contributions from both the employers and employees. The size of the fund and contribution levels are negotiated and vary among plans. They tend to be larger than other typical group health plans because they cover multiple employers. Both the union and the employer are trustees or managers of the fund. The fund is used for the employees' health coverage.

Waiver applications will no longer be accepted after September 22, 2011. On June 17, 2011, the Centers for Medicare & Medicaid Services (CMS) introduced a process for plans that have already received waivers and want to renew those waivers for plan or policy years beginning before January 1, 2014. The new guidance extends the duration of waivers that have been granted through 2013, if applicants submit annual information about their plan and comply with requirements to ensure that their enrollees understand the limits of their coverage. Existing waiver recipients must apply to extend their current waiver and all applications must be submitted by September 22, 2011; after that date applications for an extension will no longer be considered. Any plans that have not yet applied for a waiver also must apply by September 22, 2011. For further information see [Annual Limits Policy: Protecting Consumers, Maintaining Options, and Building the Bridge to 2014 | HealthCare.gov](#).

These existing waiver recipients below applied and received a waiver for the plan or policy beginning before September 23, 2011. Waivers approved prior to June 17, 2011 remain effect for a period of one year.
